

ADVANCED THERAPY GROUP FOR BETRAYED PARTNERS

Second Thursday of Every Month

September 2024 – May 2025

(9 sessions)

11:30AM TO 1:30PM

**Are you ready to take recovery to the next level?
Or, do you need a refresher of key recovery
principles? If you have overcome the crisis phase of
betrayal trauma and are ready for post-trauma
growth, this group is for you.**

The Advanced Therapy Group for Betrayed Partners is uniquely designed to further the healing of individuals in latter stages of recovery from betrayal trauma.

The group is rooted in a partner sensitive approach and the Multidimensional Partner Trauma Model of therapy. Each session focuses on a different topic related to partner, couple or family healing and aims to nurture long-term change.

A blend of psycho-education, skill building, guest speakers and/or discussion will be used each session. Additionally, readings will be assigned to further in-session work.

Partners who are seeking a supportive setting wherein they may further their healing will find this group informative and enriching.
